**WESCO®**  
INDUSTRIAL PRODUCTS

**POWERED BY ADVANCED LITHIUM-ION TECHNOLOGY**

**LIFTKAR® HD Pro**

# LIFTKAR<sup>®</sup> SAL Pro

SPEED DRIVEN. PEOPLE POWERED.

As easy to use as a hand truck, the LiftKar SAL Pro makes moving loads over stairs quick, safe, and effortless. The battery-powered climbing mechanism pulls the unit smoothly to the next step, while the motor-controlled descent ensures a safe, steady speed without pressing a button. Protect your back and reduce the risk of accidents with every trip.

Available in four versions, the LiftKar SAL Pro is designed to fit a wide range of applications. From industry, trade, and commerce to schools, hospitals, kitchens, and office buildings — there's a model to meet every transport need.

## INDUSTRY BEST FEATURES

### LITHIUM-POWERED PERFORMANCE

The **NEW** Li-Ion battery powers up to **2,000 steps** per charge, providing extended range, longer operating time, and greater job independence.

# LIFTKAR<sup>®</sup> HD Pro

LIFT SMARTER. MOVE FASTER.

Move heavy loads quickly and safely over stairs with the LiftKar HD Pro. Eliminate back and joint strain while reducing the risk of accidents. Designed for transport, logistics, retail, commercial, and industrial applications, it's the ergonomic solution for heavy-duty stair transport.

At its core is a perfectly balanced climbing unit with two climbing speeds and both single- and multi-step modes. The innovative step-edge braking system guarantees maximum safety at every step.

The LiftKar HD Pro quickly pays for itself—one person can now do the work of many, with less effort, greater speed, and total reliability.

## UNBEATABLE ADVANTAGES

### NOW POWERED BY LITHIUM-ION

The **ALL NEW** Li-Ion battery delivers up to **700 steps** per charge, giving you greater range, longer run time, and true independence on the job.
