PERFORMANCE

ZERO LIFT TABLE

Designed for safe, efficient material handling, the LEXCO LZL Series Zero Lift Table delivers ergonomic lifting performance while supporting customized workflow solutions. Its surface mounted design lowers flush with the floor, allowing easy pallet loading and unloading with a standard pallet jack, reducing equipment costs and improving operator efficiency.

Available in 2,000 lb. and 4,000 lb. capacities and factory-wired for 115V single-phase operation, the LZL Series provides an energy efficient alternative to forklifts and can be incorporated into a solution tailored to your facility, process, and productivity goals.

FEATURE HIGHLIGHTS

CUSTOM ENGINEERED

Tailored to your facility, workflow, capacity, & application requirements.

ADVANCED SAFETY DESIGN

Velocity fuses on hydraulic cylinders help prevent uncontrolled platform descent.

RELIABLE 1 HP POWER UNIT

115V single-phase operation & a UL/CSA approved electrical panel for dependable performance.

PRECISION LIFT CONTROL

Integrated up-travel limit switch for reliable, repeatable operation. Flow Control Valve to adjust decent speed.

SIMPLE OPERATOR CONTROLS

NEMA 4X push-button station and 10 ft. cable for flexible, convenient operation.

SAFER MAINTENANCE ACCESS

Built-in maintenance blocks support secure servicing & inspections.

BUILT FOR LONG-TERM DURABILITY

Self-lubricating bushings & hardened chrome pivot pins reduce wear & maintenance.

OPTIONAL 304 STAINLESS STEEL

Ideal for food processing, wash down, & other sanitary environments.

CUSTOM BUILT YOUR WAY

YOUR OPERATION IS UNIQUE.
YOUR LIFT TABLE SHOULD BE TOO.

- ✓ Custom Sizes & Capacities
- ✓ Special Features & Options
- ✓ Engineered for your Environment
- ✓ Maximize Available Floor Space
- ✓ Built for Industry Standards
- ✓ Optimize Productivity & Workflow Efficiency
